Agenda

lymphatics - B cells mature - immuno -

globulin, & by plasma - fight infection - protein

goes to lymphatics where it matures - vacuole -

develop antibodies - body produce to act against

vacuole = marker exposure - antibody

ready - Antibody goes to lymphatics ready

for proliferation - Area where antibodies get

mature - submandibular lymph nodes - supra

clavicular nodes - deep - physical exam -

to palpate lymph node nodes - infection center -

① immune ② regulates fluids ③ blood vessels

+ lymph vessels - nodes - capillaries BV lymphaticscapture fluids - return it to LN circulation -
fluid regulation -
